

March 20, 2009

To whom it may concern:

On behalf of the Leavenworth School District, we highly recommend iDS (incite Design Studio, LLC) for architectural services on any projects you may have.

The Leavenworth School District started our relationship with iDS in January of 2009. We selected iDS as our Owner Representative for the oversight of a 58.7 million dollar bond issue. iDS is responsible for the construction of one new elementary school, the renovation of two elementary schools and of our 6A high school and the construction of the new Leavenworth District Activities Complex (LDAC) with artificial turf. iDS manages the daily business of all projects and a tight timeline as our elementary schools and LDAC are scheduled to open in the fall of 2010. The high school will be at substantial completion by the winter of 2010. Not long after our board of education approved the contract, we knew we were starting something special. Our Owner Representative, Brian Foxworthy, made an immediate positive impact on us with his strong desire to understand our project goals and his ability to create a partnership committed to performing above and beyond the status quo.

Mr. Foxworthy has been professional, hard-working, and completely committed to a successful project. His team has demonstrated the same qualities. Our project is unique due to the number of buildings we are constructing and/or renovating in a short period of time. iDS came on a few months after we started and took the project by storm, attending all meetings for our district, approving architectural designs, presenting options to our executive team for consideration on materials and design, mediating our CM and our Architects, meeting with city officials, while meeting the deadlines of the projects that were presented to our Board of Education.

It is with great confidence we recommend iDS to you and your future projects. Take the time to visit with Brian and his team. We know we are working with a company that values integrity and excellence for our community and our students. This is a reflection of the leadership of Brian Foxworthy. Please contact me at 913-684-1400 or via e-mail at kelly.harris@usd453.org if you have any questions. Thank you for your consideration.

Sincerely,

Kelly D. Harris, Ed. D.
Superintendent
Leavenworth School District
